

### Emissary from the Will of God

Greetings everyone! I am an emissary of Light and I come directly from the Heart of the Great Central Sun to talk to you today. I was sent as a messenger bearing Light and Love for each heart. Indeed, I would like you to feel the energy that the Great Central Sun is sending you now: this ray of Light, this Consciousness. I would ask you to put your hands out this way (hands up on each side of the body, elbows bent and palms facing toward the center of the circle) to accept this special, magnificent, divine and sacred gift. Take a few moments to receive this energy while remaining well anchored with Mother Earth.

Silence ... ..)

This energy comes through your Heart and spreads to all your chakras. Feel this Light, these Energies moving through you, reviving you.

(Silence ... ..)

I place on your head a crown of Light made of diamonds and crystals that are specific to each of you. It will harmonize the energy you are presently receiving. This crown is in intimate contact with every part of your Sacred Flower of Life on which your geometric form is based, your unique and perfect form. It is sending rays of Light to consolidate all the Light grids inside of you. Feel your Sacred Geometric form strengthening, solidifying, manifesting its perfection around you, in you. It is a crystalline structure that reflects your true, intrinsic, sacred beauty. Feel the structure that is developing around you, taking shape while remaining firmly anchored to the Heart of Mother Earth. Feel the energy that is running through you, rebuilding the interrelation between all your invisible and visible bodies. The structure of the real you is displayed in all its glory and beauty. Feel the energy flowing in you that replenishes your energy centers.

(Silence ... ..)

I, the Will of God, positioned myself in the center of this circle and I have in my hand an ultra bright scepter of Light. Visualize the Rays of Light that I am projecting on all the points of intersection in your Flower of Life, your perfect geometric form. I am solidifying all the points of contact throughout your Being, in your sacred structure. Feel it!

(Silence ... ..)

Feel the conscious, living Energy merging with your Light, your Sacred geometry. The alignment becoming perfect. Feel it!

(Silence ... ..)

The Will of God is not to lower yourself in order to obey a God who is outside of you. NO! The Will of God is to manifest the beauty that you are in all your glory. This beauty, this life, this consciousness that lives in your Heart, that YOU ARE! It is to show the beauty that you are in its perfection, in its Light, in its Love at every moment. It is NOT in servitude to another life form! NO!

Recognize the light, the power that is in you, the love, the wisdom, the living consciousness that you are. It is before this Being that you are, before your own Light that you must kneel and obey not in servitude but by merging your energy, your consciousness with it. Only then are you following the Will of God! This Will starts inside of you, not outside of you. It is an attribute that allows you to merge completely with the Christ Light that you are.

When you ask to do the Will of God, you open a special door inside you to help accomplish your Light, merge with your Love, the Love that you are. You proclaim to the Creation:

“I am ready to go Home!

I open this door that will allow me to express the Beauty,  
the Perfection with which I was created!”

The Will of God is not external to you, it is internal. This is one of the most sacred attributes allowing you to manifest your divine affiliation, to experience **what you really are**: this Light, this Love, this living part of God. Feel the Energy, Children of Glory, Children of Light. Feel this Healing energy because reconnecting with who you really are heals your inner wounds. You heal your beliefs, the thought-forms that you have created throughout these incarnations, in the dimension you have traveled.

Wanting to accomplish the will of God is like saying: "Yes, I believe! Yes, I trust in the Light that I AM. I trust in the Love I AM. I open my arms wide to accept, to merge with that part of me that I AM and that I had forgotten." By performing this act, by becoming aware of the Central Source and your link with it, you are living the reason, the will for which you were created.

You are the drop in the ocean that shines by its Light, with its Light, with its Love, by its Love and you shine the Light and the Love of the entire ocean, being ONE with this Ocean, this Source, this Great Central Sun. Not by being a separate consciousness. NO! By being a unified single consciousness, you acknowledge your Light and at the same time you recognize the Light in which you bathe. You are ONE consciousness. Only then are you accomplishing the Will of God. Integrate this energy!

(Silence ... ..)

None of the attributes that comes from the Source imposes itself. All these qualities you speak about are attributes that shine in you like jewels, treasures, suns, stars. It's just that you have not recognized them yet. You have not rediscovered them but they are alive in you. They are not outside of you. All these attributes are flavors, wonderful sounds that create a symphony in you and represent your unique note adding to the symphony of Creation. Feel it!

(Silence ... ..)

I invite you to sit comfortably and feel this Energy. Speak to it, envelop it with your love, welcome it in all of your Being. It is an Energy of Resurrection that is offered to you today, Children of God. Accept the Energy!

It was for me an honor and a privilege to come and speak to you. I am accompanied by my brothers and sisters of Light directly related to the Source. We are forming around your group a circle that will help anchor this Energy in each of you. This integration will last for three days. Accept the divine majesty of every moment! Be Consciousness, be Love, be Light, what you really are!
