

## Flame of Purity

Greetings! What joy is in my Heart! I Am the Angel of Purity and I am bringing you this message. The great celestial spheres have informed my Heart of your intention to learn more about Purity. So, I came and I invite you to a journey with me to the Planet of Purity.

Sit comfortably on your chair. Take a deep breath. Beside you appear three angels of the Kingdom of Purity. They are transparent and bright. There is one behind you and one on each side. Take their hands and together we will go to this fantastic, luminous, wonderful and sacred Kingdom of Purity.

We cross the infinite space and all together we are like an energy ball. Soon we see in the distance a shining light of a bluish white color. This is the Kingdom of Purity that emanates directly from the Heart of the Great Central Sun. This is a Kingdom where all the souls, all the Light Beings from all the dimensions who want to purify themselves, feel the Purity, rejuvenate in the Purity come. They know this place.

In approaching this realm, you see a large temple. The words I use to describe this place are adapted to the environment you know, because in fact this region is made only of Light of an extreme purity. In order to help you locate yourself in this area, we have prepared a temple for you.

Imagine this temple in front of you. It is transparent. It is made of a very pure and bright crystal. We arrive near this structure which is shaped like a big pyramid. There are steps and we land softly on them. When we look towards the top of the stairs, we see a large Being of Light extending his arms, he is waiting for us. This is the powerful Light Being in charge of the kingdom, responsible for maintaining the purity of the archetype in all of Creation. He greets us with grace and he waves us to climb the stairs.

Every place we set our eyes on is shining like a dazzling light. There are high purity crystals, of all colors. Light seems to spring from everywhere.

We enter the temple where we feel an extraordinary tangible Peace of high purity. A Peace that is unknown anywhere else in the universe. For here, in this kingdom, all the Sacred Attributes have the greatest purity. These are the Sacred Attributes that are issued directly from the Heart of the Great Central Sun, the Source. And here in this realm, their energies are intact and eternal. These attributes are presented in their shape, their color, their energy in the most perfect way.

So the Peace living in this kingdom is a Sacred attribute of the Source and is in its greatest purity. Feel the Peace! (Silence.....)

We penetrate farther into this corridor and we perceive at the end a dazzling light. We move towards this place and we arrive in a large circular room. All the walls are shining with an extraordinary golden white light.

At the center of this room, there is a transparent Flame. Its molecular, cellular, atomic, subatomic structure is so pure that it is transparent. It emits a blue-white radiance.

I invite you to make a circle around this clear Flame. Feel its rays reaching you and when they touch you, they bring a freshness into you. They bring a light. They straighten all the light structures in you. They remove everything that is less than the Light of your Eternal Being from each of your cells. They permeate your whole being with the original Purity of your Being. Feel the Purity that is imbued in you transforming you! (Silence ... ... ...)

With the help of your Higher Self, they direct your attention to an area in you: an emotion, a thought, a limitation, a belief, a pain, an organ... Follow your intuition. Wherever your intuition takes you, your own Higher Self takes you. Now, the Flame of Purity gently projects an ultra-powerful beam on this point in you. It refreshes, purifies, removes any darkness, any imbalance from this region. The original purity of your Being returns to life. Your organ, your thought, your emotion becomes pure, balanced and harmonized. The energy becomes Pure Energy re-polarized to Love.

Now, ask the Flame of Purity to purify your entire Being and feel these beams of Light of Purity coming toward you, bringing re-purified Purity, removing scoria, imbalances in you. Feel yourself being reborn. You become who you are. You feel who you are. You become again a Being of Light. You remember who you are. Everything is permeated by the Purity, the Pure Light.

The Flame emits a blast of Light that wraps itself around you, enveloping you completely and it produces a downward spiral. This spiral of transparent Light removes any imbalance from your Being. It absorbs these imbalances coming out of your feet and returns them to the Flame leaving you luminous, refreshed, rejuvenated.

Put your hands over your Heart and thank the Flame of Purity. Thank its Love, its Power, its Light. Thank this Consciousness that is now telling a word to each one of you. Listen to this word! (Silence ... ... ... ... ...)

Now, gently, we go back to the entrance of the Temple. The Light Being who welcomed us, greets us by bowing his head, both hands are on his Heart. He salutes our greatness, our love, our courage, our perseverance. He thanks each of us for being who we are. He looks at each one of us in the eyes. He takes his time. We thank him. We descend the stairs rejuvenated, refreshed and luminous.

The angels who accompanied you on this trip appear before you. They surround you and together we come back. We cross the universe. We return to this room. (Silence ... ... ... ...)

Dear Children of Light, Purity is nothing else than your original aspect when you were created from the Heart of Father Mother God. The Purity you have just experienced is like your royal costume that can help you disintegrate all the creations that keep your light from shining, that can give back this Light, ***this Perfection that you are!***

When you call the Purity to you, it is as if a wave of light runs through you removing everything that does not vibrate with the Love that is emitted from your Sacred Heart. Each one of you emits a quality of Love that is unique in all creation. And Purity acknowledges this musical note, this unique Love song. Purity can restructure your body, restore it to its original appearance. It can identify everything that does not belong to you: all these beliefs, all these fears, all those wounds that you have accumulated from life to life, from Universe to Universe, from experience to experience.

When you call Purity to you, right away it knows, it identifies what is not yours and it removes it. It changes it into Light Energy, Love energy. It restores the energy that is attached to you to its original Purity. It restores this Light Energy to the Perfection and Love that it deserves, that is its own.

Purity is a Sacred Attribute. A special, magic, flamboyant tool that you can use to become who you are, to shine the Light that you are. This Purity is All-Love. It is very close to the Heart of the Creator!

You could even say it is the Love of the Creator that purifies and restores the energy, the atoms to their Original Perfection.

Then, use this Attribute! Use this energy, this Consciousness! Call It to you! Work with It and you will see miracles happen in your lives. You will rediscover ***who you are*** because the Purity will remove all the veils. It will transform them into Light. They will dissipate before you.

May the Purity of the Almighty Heart of the Creator, the Divine Mother, live in your hearts, your thoughts, your emotions, your entire being for eternity! And so it is!
