### Message to the Children of the Earth from Mother Earth

I am Mother Earth. I am the one that directs the destinies of the children of the Earth, my children, the one that nourishes and envelops you with my energy every morning for the whole day.

I am in the process of awakening, and as a result, so are you. Today, on this special day, we are establishing the energies of the eternal spring in my physical body. We are installing the reappearance deep into the heart of each atom contained in the matter of my physical body, and consequently, in the physical body of each of my children, and each of my kingdoms.

I create this eternal spring consciously, and I am installing it in my whole body and in the Heart of each of my children. I do this so that starting today, this new energy, this luminous divine and sacred essence, will forever nourish this eternal body that I am, that is materialized in this dimension to bring a new energy. This energy will allow me to ascend and change dimension. I need this energy, this reviving of eternal spring, to get to the next step and increase the vibratory level of my physical body. I also need it to clean up the waters of my blood, of my thoughts, my emotions, and to modify the astral body you have polluted, my children. All this reviving energy is in motion at the moment. For several months already, I have installed vortexes to reactivate eternal life in my body, and this activation will continue.

Today, this is the first landing that touches the Heart of my children of the Earth at all levels. I have introduced this with all the Love of my Heart, with softness. I have knocked at the door of the Heart of each of my children and I have asked them permission: "May I come in, me, the New Earth, the new consciousness, the eternal Earth?" Most of you have answered: "Yes". And my Heart has jumped with joy, rejoicing in an infinite delight.

My beloved children, together, we will revive, we will know eternal spring, and the rebirth of the divinity that we are, **one**, in consciousness with all Creation. It is the new Denise that I want you to give to my children of the Earth. Translate this in English asking my son Ross to publish her. It is today a grand day. Don't be afraid. The vortexes I am currently reactivating and amplifying will produce a jump start. This is normal because I must clean up my body to ensure my survival and yours, you, my precious treasures. At the same time, I am reactivating the vortexes of your bodies, the ones that are synchronized with my vortexes. Therefore, all together we are being born again. We are establishing eternal spring in our whole being.

I salute you. I salute the Eternal Light, the Eternal Divine Wisdom that is in my Heart, your Heart and our Heart. Warmest blessings to each of my precious treasures walking in this dimension, in the name of the Creator, in the name of the Creator Father Mother God that we are, each one of us. Thank you!

### Message for Japan from Adama

My beloved children of Japan, I AM Adama, and I am talking to each one of you. Japan represents one the most important vortexes on the planet. As one of the most magnificent Lights on the planet, it has purity of heart and willpower.

The people of Japan have kept a specific Light for the whole planet. This vortex of Light has been polluted for many centuries on your island, by abuse of power and authority exercised over your people, these sacred hearts of mine.

The tsunami is the most important action the planet has done to purify this vortex of Light, which gives back to Japan the purity of Light to cleanse the vortex of Light it is holding for humanity.

So, my children of Love, I am asking you to walk on this sacred land of yours, and hold the torch of Light and Love for your people. This purification is not a bad thing, as it is an act of rebirth. This water is returning to Japan its original flame and purity, and is anchoring the new energy for a new Japan.

So, please, hold this vision in your heart. Walk on your land as the God / Goddess that you are, holding Love in your heart, purity of intention, sacredness of intention, and the warrior of Love and Light that you are.

Spread this energy and activate this vortex of Light in your heart on this land, and on all the island of Japan. Activate the new Japan, the eternal spring energy coming to cleanse and bring this new humanity in Japan. Japan will be blessed by this action, as it will unify people. It will bring a new vision and a new Light on this planet. Japan has not started to play its role yet.

The energy has been distorted by anger for so many years. This energy must be polarized on Love again. I am asking you, my children, to sow the seeds of Love, and to open your hearts to anchor the eternal spring on the Island of Japan.

This is a message of Love I am giving you today. We, at Telos, are sharing each minute of your lives now, and we give you all of our support. We trust you, your courage, your willpower and the Love of your heart.

As you listen to these words, children of my heart, know that you are the ones representing the heart of Lemuria that will expand on these islands. You are dear to our hearts, and together, we are creating the New Earth, the New Planet, and the New Humanity.

Many blessings are being sent to you from all your brothers and sisters of Telos on this magical and important day in Japan.
